

Programy na podporu vzdelávania a eLearning

Tomáš Vencelík

Account Manager

Education & Research

SUN Microsystems

Agenda

- História Sun Microsystems
- STAR
- HW programy
- SW programy
- E-learning program – SAI
- Referencie

História Sun Microsystems

- SUN = Stanford University Network
- Založený roku 1982
- Prvými zákazníkmi boli univerzity
- Univerzity sú dôležité R&D centrá pre SUN
- Univerzity sú prvé inštitúcie ktoré nasadzujú SUN technológie

SUN Technology & Academic Resources

STAR program združuje všetky programy určené na podporu akademických inštitúcií ako su:

- Grantové programy
 - Matching Grant
 - Academic Excellence Grant -EAG
- Softvérové EDU programy
 - Solaris Enterprise System
 - StarOffice / OpenOffice Suite
- Nástroje na spoluprácu
 - SUN centrá excelencie
 - Academic developer program

Sun HW programy

- Sun EDU cenník
Špeciálny cenník na HW pre akademické inštitúcie
- Sun PROMO pre EDU
Akciová ponuka vybraných, najpredávanejších produktov pre akademické inštitúcie
- Matching Grant
Program na nákup HW založený na princípe **“Buy 1 get 1 for FREE”**

Sun SW programy

- Solaris Enterprise System

- Súbor softvéru zahrňujúci:

Solaris 10 operačný systém, Java Enterprise systém, vývojárske a desktop nástroje, N1 manažment softvér

- RTU licencia **ZDARMA** pre akademické inštitúcie

- StarOffice / OpenOffice program

- Multi-platformový plne funkčný kancelársky balík kompatibilný s ostatnými kancelárskymi balíkmi vrátane Microsoft Office

- RTU licencia **ZDARMA** pre akademické inštitúcie

- Sun Developer Network – Academic Developer Program

- Súbor nástrojov na vývoj a testovanie aplikácií

- Školenie **ZDARMA**

- RTU licencia **ZDARMA** pre akademické inštitúcie

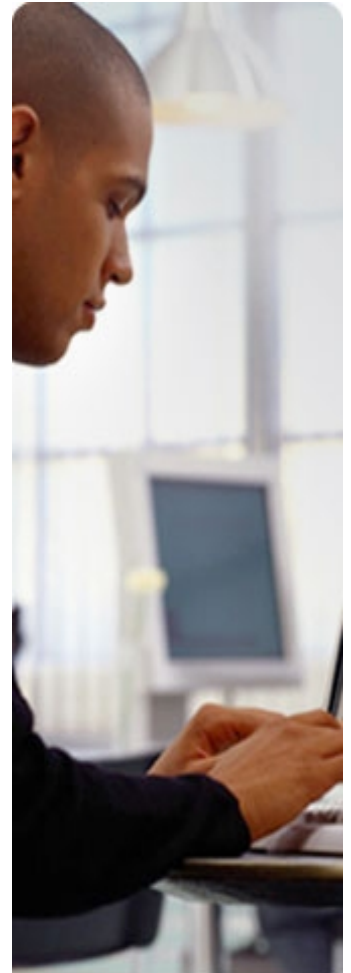

e-Learning – Sun Academic Initiative

Sun Academic Initiative

- eLearning program vytvárajúci spoluprácu medzi Sun Microsystems a akademickými inštitúciami
- Poskytuje prístup k eLearningovým kurzom pre študentov a zamestnancov akademických inštitúcií
ZDARMA
- Umožňuje absolventom získať certifikáty k aktuálnym technológiám
- Dáva absolventom možnosť získať nové zamestnanie

Znalosť = Zamestnanie

Web-based kurzy

Java Technology

- * Fundamentals of the Java Programming Language
- * Java Programming Language
- * Java Practice Certification Exam
- * Object Oriented Programming with Java Technology
- * Web Component Development with Java Technology
- * Distributed Programming with Java Technology
- * Java Servlets: A Technical Introduction
- * Java 2 Platform, Enterprise Edition (J2EE) Platform Overview for Managers
- * Mobile Desktop Development with Java Technologies
- * Consumer Devices Learning Suite
- * Programming with the Java 3D API: A Technical Overview
- * J2SE Internals and Troubleshooting
- * Java 2 Platform, Enterprise Edition (J2EE Platform) Technology Overview Sampler
- * Working with the Java 2 Platform, Micro Edition Wireless Toolkit 2.0

Web-based kurzy

Networking and Security

- * Web Server and Security
- * Directory Services

Server and Storage Systems

- * Server and Storage Systems

Solaris 10 Operating Environment

- * New Features of the Solaris[tm] 10 Operating System
- * UNIX Essentials Featuring the Solaris[tm] 10 Operating System
- * Intermediate System Administration for the Solaris[tm] 10 Operating System
- * Intermediate System Administration for the Solaris[tm] 10 Operating System on x64/x86-Based Systems
- * Advanced System Administration for the Solaris 10 Operating System (SPARC platform)
- * Advanced System Administration for the Solaris 10 Operating System (x64/x86 platform)
- * Network Administration for the Solaris 10 Operating System

Web-based kurzy

Operating Environment

- * Solaris 8 System Administration I
- * Solaris 8 System Administration II
- * Solaris 8 Operating Environ
- * Solaris 8 TCP/IP Network Administration
- * Fundamentals of Solaris 8 Operating Environment

Solaris 9 Operating Environment

- * UNIX Essentials Featuring the Solaris 9 Operating Environment
- * Intermediate System Administration for the Solaris 9 Operating Environment
- * Advanced System Administration for the Solaris 9 Operating Environment
- * Network Administration for the Solaris 9 Operating Environment
- * Solaris 9 Practice Certification Exam
- * New Features of the Solaris 9 Operating Environment

Web-based kurzy

StarOffice Software

- * StarOffice 6.0 End User
- * StarOffice 7.0 End User
- * Getting Started with Sun Java Desktop

Sun Java Enterprise System Middleware

- * Identity Management Services
- * Web & Application Services
- * Collaboration and Communication Services

Sun Java Enterprise System Studio and Solaris OE Development

- * Sun ONE Studio 4 for Java
- * Real-Time Programming for the Solaris Operating Environment

Sun Java Enterprise System Middleware

- * Communications Services
- * Portal Services
- * Web and Application Services
- * Wireless Technologies

Web-based kurzy

XML, Perl and Web Publishing

- * A Developers Introduction to Web Programming
- * A Developers Introduction to Java Script Programming
- * A Developers Introduction to PERL Programming
- * A Developers Introduction to Advanced PERL Programming
- * A Developers Introduction to HTML Programming
- * A Developers Introduction to Web Processing
